

AATCC Viewing Board Model: ADL-VB120

Application

Evaluate fabric appearance smoothness, seam smoothness and crease retention. On the standard light source and evaluation board, the appearance of the sample is evaluated and graded by comparing with the standard card. The evaluation should be conducted in a dark room with only instrument light source. The reflection of any ambient light will affect the rating results. The rating observation board is equipped with two cold light sources of 2400mm or 1200mm in length. The equipment is equipped with switch control and high frequency power control device. The rating observation board can be installed on the wall or sliding cart, or customized according to the user's requirements.

Standards

AATCC 888 AATCC 88C AATCC 124 AATCC 128 AATCC 143 AATCC 178 NOXT TM 24/TM 30

Specifications

- Grey Board Size: 1800×1800mm
- Dimensions: 2500×1000× 2400mm
- Weight: 80kg

Supply Standard Accessories

- | | | | |
|-----------------------|---------|-------------------------|---------|
| • Product manual | : 1 Set | • Light blocking cloth | : 1 Set |
| • Inspection report | : 1 Set | • Fixed sample magnet | : 4 Set |
| • Product certificate | : 1 Set | • Rating Board | : 1 Set |
| • Lights | : 6 Set | • Install sample screws | : 1 Set |
| • Radiant light | : 1 Set | | |

Parts

AATCC Viewing Board
Colour N7 4 x1200 mm
CWF Fluorescent Lamp

2x Spare 1200 mm
CWF Fluorescent Lamp

1x Lamp 100W
LED with stand

1 x Light Shield
with stand

AdLab is a globally recognized brand specializing in the manufacturing and supply of high-quality laboratory equipment and textile testing instruments. With over 15 years of experience, we are committed to delivering precision-engineered solutions that meet the needs of industries such as textiles, pharmaceuticals, research laboratories, and educational institutions. Our products are designed to enhance efficiency, accuracy, and reliability in scientific and industrial applications.

Our Skill

At AdLab, we combine expertise in precision engineering with advanced laboratory technology to create innovative and reliable testing instruments. Our team of skilled professionals continuously works on improving product designs, integrating the latest advancements in technology, and ensuring compliance with international quality standards. With a strong focus on research and development, we provide customized solutions that cater to the unique needs of our customers worldwide.

Our Products

AdLab offers a wide range of high-quality laboratory and textile testing instruments, including Yarn & Fiber Testing Instruments, Laboratory Fume Hood Chambers, Ovens & Incubators, Water Baths, Textile Testing Instruments, Dyeing & Finishing Machines, Ceramic Testing, Tensile Testing, Washers & Dryers, Needle Detectors, and In-House Testing Equipment. Designed for precision and efficiency, our products ensure accurate testing and reliable performance across various industries.

Our Services

At AdLab, customer satisfaction is our top priority. We provide comprehensive support services to ensure the smooth operation of our equipment, including:

- ✓ 24/7 Technical Support Team – Our highly trained technical support team is available around the clock to assist with troubleshooting, maintenance, and operational guidance. Whether you need immediate assistance or expert advice, we are always ready to help.
- ✓ Installation & Training – We offer professional installation services and hands-on training to help users operate our equipment efficiently.
- ✓ Calibration & Maintenance – Regular calibration and maintenance services ensure that your laboratory instruments remain accurate and in optimal working condition.
- ✓ Customized Solutions – We provide tailored solutions to meet specific industry requirements, helping our clients achieve maximum efficiency in their operations.
