

Bedding Flammability Tester Model: ADL-BF25

Scope of Application

It is use an ignition source equivalent to a match flame to determine the flammability of textiles on the bed.

Related Standards

GB/T 20390 ISO12952-1 ISO 12952-2:2010 etc.

Technical Parameter

- Test stand: Size: (500×500×750)mm Material: Stainless steel
- Ignition source:
 - Burner: a stainless steel tube with an outer diameter of (8.0±0.1) mm, an inner diameter of (6.5±0.1) mm and a length of (200±5) mm
 - Flowmeter: Adjustable gas flow (0.5~60)ml/min±1ml/min
 - The burner is connected to the steel cylinder for commercial propane (prepared by the user) through a hose, and the length of the hose should be 2.5m ~ 3m
 - Timer (manual stopwatch)
 - Dimensions (instrument space): about 1500×800×800mm (L×W×H)
 - Weight: 5kg

Standard Accessories

Name and specification	Qty	Note
Main machine	1	
Cylinder holder	1	Not include

AdLab is a globally recognized brand specializing in the manufacturing and supply of high-quality laboratory equipment and textile testing instruments. With over 15 years of experience, we are committed to delivering precision-engineered solutions that meet the needs of industries such as textiles, pharmaceuticals, research laboratories, and educational institutions. Our products are designed to enhance efficiency, accuracy, and reliability in scientific and industrial applications.

Our Skill

At AdLab, we combine expertise in precision engineering with advanced laboratory technology to create innovative and reliable testing instruments. Our team of skilled professionals continuously works on improving product designs, integrating the latest advancements in technology, and ensuring compliance with international quality standards. With a strong focus on research and development, we provide customized solutions that cater to the unique needs of our customers worldwide.

Our Products

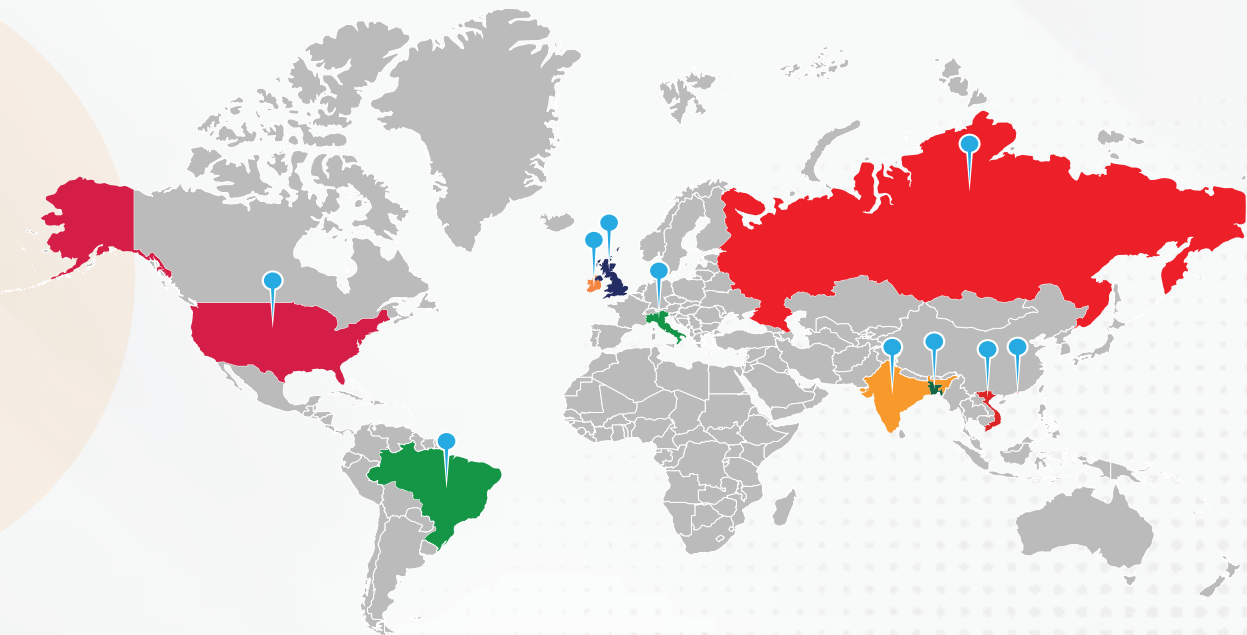

AdLab offers a wide range of high-quality laboratory and textile testing instruments, including Yarn & Fiber Testing Instruments, Laboratory Fume Hood Chambers, Ovens & Incubators, Water Baths, Textile Testing Instruments, Dyeing & Finishing Machines, Ceramic Testing, Tensile Testing, Washers & Dryers, Needle Detectors, and In-House Testing Equipment. Designed for precision and efficiency, our products ensure accurate testing and reliable performance across various industries.

Our Services

At AdLab, customer satisfaction is our top priority. We provide comprehensive support services to ensure the smooth operation of our equipment, including:

- ✓ 24/7 Technical Support Team – Our highly trained technical support team is available around the clock to assist with troubleshooting, maintenance, and operational guidance. Whether you need immediate assistance or expert advice, we are always ready to help.
- ✓ Installation & Training – We offer professional installation services and hands-on training to help users operate our equipment efficiently.
- ✓ Calibration & Maintenance – Regular calibration and maintenance services ensure that your laboratory instruments remain accurate and in optimal working condition.
- ✓ Customized Solutions – We provide tailored solutions to meet specific industry requirements, helping our clients achieve maximum efficiency in their operations.
