

DEHUMIDIFIER Model: Ad-158L

The Ad-158L Dehumidifier is a high-performance unit designed for large areas up to 1200 sq. ft. It removes up to 158 liters of moisture per day, ensuring dry and comfortable conditions in industrial or commercial spaces. Equipped with automatic drainage, energy-efficient 1320W power, and R22A refrigerant, it delivers reliable performance even in high-humidity environments. Ideal for warehouses, factories, and basements.

Key Features

- High-capacity dehumidification up to 158 L/day
- Covers large spaces up to 1200 sq. ft.
- Automatic drainage system for continuous operation
- Energy-efficient 1320W power consumption
- Reliable performance even at 30°C, RH 90%
- Durable construction for industrial and commercial use
- User-friendly operation with automatic moisture control

Specification

- Maximum Working Area: 1200 sq. ft.
- Maximum Dehumidification Capacity: 158 L/day
- Nominal Dehumidification: 90 L/day
- Power Supply: 220V, 1 Phase, 50Hz
- Rated Input Power: 1320 W
- Rated Input Current: 6.8 A
- Moisture Removal (at 30°C, RH 90%): 130 L/day
- Refrigerant: R22A (750 g)
- Waterproof Grade: IPX0
- Water Tank Capacity: Automatic Drainage
- Net Weight: 50 kg

AdLab is a globally recognized brand specializing in the manufacturing and supply of high-quality laboratory equipment and textile testing instruments. With over 15 years of experience, we are committed to delivering precision-engineered solutions that meet the needs of industries such as textiles, pharmaceuticals, research laboratories, and educational institutions. Our products are designed to enhance efficiency, accuracy, and reliability in scientific and industrial applications.

Our Skill

At AdLab, we combine expertise in precision engineering with advanced laboratory technology to create innovative and reliable testing instruments. Our team of skilled professionals continuously works on improving product designs, integrating the latest advancements in technology, and ensuring compliance with international quality standards. With a strong focus on research and development, we provide customized solutions that cater to the unique needs of our customers worldwide.

Our Products

AdLab offers a wide range of high-quality laboratory and textile testing instruments, including Yarn & Fiber Testing Instruments, Laboratory Fume Hood Chambers, Ovens & Incubators, Water Baths, Textile Testing Instruments, Dyeing & Finishing Machines, Ceramic Testing, Tensile Testing, Washers & Dryers, Needle Detectors, and In-House Testing Equipment. Designed for precision and efficiency, our products ensure accurate testing and reliable performance across various industries.

Our Services

At AdLab, customer satisfaction is our top priority. We provide comprehensive support services to ensure the smooth operation of our equipment, including:

- ✓ 24/7 Technical Support Team – Our highly trained technical support team is available around the clock to assist with troubleshooting, maintenance, and operational guidance. Whether you need immediate assistance or expert advice, we are always ready to help.
- ✓ Installation & Training – We offer professional installation services and hands-on training to help users operate our equipment efficiently.
- ✓ Calibration & Maintenance – Regular calibration and maintenance services ensure that your laboratory instruments remain accurate and in optimal working condition.
- ✓ Customized Solutions – We provide tailored solutions to meet specific industry requirements, helping our clients achieve maximum efficiency in their operations.
