

Fabrics Thickness Meter Model: ADL-TT10MM

An affordable and accurate thickness gauge for soft materials with a gauging balance that applies minimal load to the specimen through a 1.129-inch (28.7mm) diameter presser foot. Thickness gauges have ranges up to 1/2 inch (13mm) or 1 inch (25mm) with a resolution of 0.001 inch (0.01mm). Comes with 1 load weight to provide 0.6psi (4.14KPA). Other configurations are also available on request

Basic Information

- Mass Scope of Workpiece : <900 kg
- Max Capacity : 10 mm
- Load Way : Mechanical Load
- Display Type : Digital
- Weight : 0-100Kg
- Usage/Application : Textile Industry
- Max Diameter of Workpiece : <500 mm
- Type : Material Testing Machine
- Accuracy : 0.01 mm
- Control : Manual Control
- Power Source : AC220V

Standard

ASTM D1777

Product Parameters

Thickness test range is 0.01-12.5mm

**Technical Data Subject to change without notice.*

AdLab is a globally recognized brand specializing in the manufacturing and supply of high-quality laboratory equipment and textile testing instruments. With over 15 years of experience, we are committed to delivering precision-engineered solutions that meet the needs of industries such as textiles, pharmaceuticals, research laboratories, and educational institutions. Our products are designed to enhance efficiency, accuracy, and reliability in scientific and industrial applications.

Our Skill

At AdLab, we combine expertise in precision engineering with advanced laboratory technology to create innovative and reliable testing instruments. Our team of skilled professionals continuously works on improving product designs, integrating the latest advancements in technology, and ensuring compliance with international quality standards. With a strong focus on research and development, we provide customized solutions that cater to the unique needs of our customers worldwide.

Our Products

AdLab offers a wide range of high-quality laboratory and textile testing instruments, including Yarn & Fiber Testing Instruments, Laboratory Fume Hood Chambers, Ovens & Incubators, Water Baths, Textile Testing Instruments, Dyeing & Finishing Machines, Ceramic Testing, Tensile Testing, Washers & Dryers, Needle Detectors, and In-House Testing Equipment. Designed for precision and efficiency, our products ensure accurate testing and reliable performance across various industries.

Our Services

At AdLab, customer satisfaction is our top priority. We provide comprehensive support services to ensure the smooth operation of our equipment, including:

- ✓ 24/7 Technical Support Team – Our highly trained technical support team is available around the clock to assist with troubleshooting, maintenance, and operational guidance. Whether you need immediate assistance or expert advice, we are always ready to help.
- ✓ Installation & Training – We offer professional installation services and hands-on training to help users operate our equipment efficiently.
- ✓ Calibration & Maintenance – Regular calibration and maintenance services ensure that your laboratory instruments remain accurate and in optimal working condition.
- ✓ Customized Solutions – We provide tailored solutions to meet specific industry requirements, helping our clients achieve maximum efficiency in their operations.
