

## Random Tumble Pilling Tester Model: ADL-RP4T

### Application

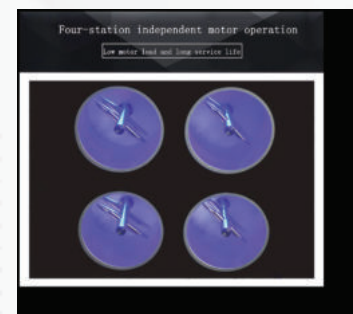

This instrument is suitable for judging the resistance of fabrics to pilling and other surface defects, such as hairiness, and is suitable for various types of clothing fabrics. This instrument is not suitable for testing fabrics with silicone resin finishes (such as durable rain and soft finishes) because the silicone will transfer to the cork backing and affect the test results.

### Applicable Standards

GB/T4802.4 ; ISO 12945-3 ; ASTM D3512 ; DIN53867 ; JIS L1076 and other related standards.

### Key Technical Parameters

- Number of test Chambers : 2 or 4
- Drum specifications : diameter 146±1 mm, depth 152.4±1mm
- Impeller length : 121mm
- Impeller speed : 1200r/min
- Plastic blades : Each test chamber is equipped with 2 plastic blades on the impeller shaft
- Test chamber air pressure : 14kPa-21kPa
- Timing range : 0-99h59min
- Sample : 105mmx105mm,3 pieces/tube
- the cork lining Specifications : 452x146x1.5mm
- Size(WxDxH) : 460×36x63cm
- Weight (Kg) : ≈ 58Kg
- Power supply : 1 ∅ AC 220V 5A

### Standard Accessories

Wood lining wall (50 pieces/pack); Cotton sliver (9m); Standard comparison picture Card (5 pieces/set)

AdLab is a globally recognized brand specializing in the manufacturing and supply of high-quality laboratory equipment and textile testing instruments. With over 15 years of experience, we are committed to delivering precision-engineered solutions that meet the needs of industries such as textiles, pharmaceuticals, research laboratories, and educational institutions. Our products are designed to enhance efficiency, accuracy, and reliability in scientific and industrial applications.

## Our Skill

At AdLab, we combine expertise in precision engineering with advanced laboratory technology to create innovative and reliable testing instruments. Our team of skilled professionals continuously works on improving product designs, integrating the latest advancements in technology, and ensuring compliance with international quality standards. With a strong focus on research and development, we provide customized solutions that cater to the unique needs of our customers worldwide.

## Our Products

AdLab offers a wide range of high-quality laboratory and textile testing instruments, including Yarn & Fiber Testing Instruments, Laboratory Fume Hood Chambers, Ovens & Incubators, Water Baths, Textile Testing Instruments, Dyeing & Finishing Machines, Ceramic Testing, Tensile Testing, Washers & Dryers, Needle Detectors, and In-House Testing Equipment. Designed for precision and efficiency, our products ensure accurate testing and reliable performance across various industries.

## Our Services

At AdLab, customer satisfaction is our top priority. We provide comprehensive support services to ensure the smooth operation of our equipment, including:

- ✓ 24/7 Technical Support Team – Our highly trained technical support team is available around the clock to assist with troubleshooting, maintenance, and operational guidance. Whether you need immediate assistance or expert advice, we are always ready to help.
- ✓ Installation & Training – We offer professional installation services and hands-on training to help users operate our equipment efficiently.
- ✓ Calibration & Maintenance – Regular calibration and maintenance services ensure that your laboratory instruments remain accurate and in optimal working condition.
- ✓ Customized Solutions – We provide tailored solutions to meet specific industry requirements, helping our clients achieve maximum efficiency in their operations.
