

ICI Pilling and Snagging Tester Model: ADL-ICI4H

Overview

Pilling and Snagging Tester. To determine the surface fuzzes and pilling properties of both woven and knitted materials.

Features

- Specially designed equipment to assess resistance to pilling of any type of fabrics as per ICI pilling system.
- Four Pilling Boxes for better efficiency of work.
- Microprocessor based controller with latest aesthetics.
- 3.2mm Standard cork lining inside the boxes for proper pilling action.
- Finest Quality Molded Polyurethane Pilling Tubes supplied .
- Specially designed standard size boxes meet the standard specifications.
- Complete with all accessories-pilling tube, template, 19 mm PVC Tape etc.
- Smooth precision engineered components for excellent performance.
- Innovative specimen-mounting jig saves efforts and reduces the chance of damage or distortion to the sample.

Standards

ISO 12945-1, BS 5811, IWSTM 152, NEXT 19, JIS L1076, M&S P18, M&S P21A, BS 8479, GB/T4802.3

Specification

- Number of Pilling Boxes: 4
- Internal Dimensions: 235×235×235mm
- Rotational Speed: 60±2r/min(40~80r/min)
- Count Range: 1~999999
- Sample tube: Length 140mm, Diameter 31.5 mm, Weight 52.25g
- Power/Air: AC220V 50Hz 120W
- Dimensions: 900×500×800mm
- Weight: 70kg

AdLab is a globally recognized brand specializing in the manufacturing and supply of high-quality laboratory equipment and textile testing instruments. With over 15 years of experience, we are committed to delivering precision-engineered solutions that meet the needs of industries such as textiles, pharmaceuticals, research laboratories, and educational institutions. Our products are designed to enhance efficiency, accuracy, and reliability in scientific and industrial applications.

Our Skill

At AdLab, we combine expertise in precision engineering with advanced laboratory technology to create innovative and reliable testing instruments. Our team of skilled professionals continuously works on improving product designs, integrating the latest advancements in technology, and ensuring compliance with international quality standards. With a strong focus on research and development, we provide customized solutions that cater to the unique needs of our customers worldwide.

Our Products

AdLab offers a wide range of high-quality laboratory and textile testing instruments, including Yarn & Fiber Testing Instruments, Laboratory Fume Hood Chambers, Ovens & Incubators, Water Baths, Textile Testing Instruments, Dyeing & Finishing Machines, Ceramic Testing, Tensile Testing, Washers & Dryers, Needle Detectors, and In-House Testing Equipment. Designed for precision and efficiency, our products ensure accurate testing and reliable performance across various industries.

Our Services

At AdLab, customer satisfaction is our top priority. We provide comprehensive support services to ensure the smooth operation of our equipment, including:

- ✓ 24/7 Technical Support Team – Our highly trained technical support team is available around the clock to assist with troubleshooting, maintenance, and operational guidance. Whether you need immediate assistance or expert advice, we are always ready to help.
- ✓ Installation & Training – We offer professional installation services and hands-on training to help users operate our equipment efficiently.
- ✓ Calibration & Maintenance – Regular calibration and maintenance services ensure that your laboratory instruments remain accurate and in optimal working condition.
- ✓ Customized Solutions – We provide tailored solutions to meet specific industry requirements, helping our clients achieve maximum efficiency in their operations.
