

Laboratory Padder (Vertical) Model: ADL-LP40

Introduction

The ADL-LP40 Laboratory Padder (Vertical) is a compact, table-type padding mangle designed for resin and dye application in textile laboratories. It ensures precise pressure control and uniform chemical pick-up, making it ideal for sampling, research, and quality control processes. Built with high-quality rubber rollers and a sturdy structure, it delivers consistent and reliable performance.

Features

- Table-type vertical laboratory padder
- Suitable for resin and dye padding
- High-quality Butadiene Rubber (NBR) rollers
- Emergency foot stop for safety
- Stable padding speed (~3.2 m/min)
- Compact and durable construction

Specification

- Mangle pressure : 0.1 - 0.8Mpa (1 - 8bar)
- Padder Length : 400 mm
- Padder Diameter : 125 mm
- Padder Hardness : Approx. 70-75° Shore A
- Solution Tray Capacity : 2 Litres
- Speed : Approx. 3.2 m/min
- Voltage : 220V AC / 50 Hz
- Power : 180W
- Current : 1A
- Machine Net Weight : 68 Kg Appx
- Packing Weight : 111 Kg Appx.
- Machine Dimensions : 750 × 560 × 685 mm (W×D×H)
- Packing Dimensions : 870 × 680 × 825 mm (W×D×H)

Option

- transformer for 110v/60Hz (pt100769) : 1set
- Inverter speed control (0.5-4.7m/min) : 1pc
(pt100382)

AdLab is a globally recognized brand specializing in the manufacturing and supply of high-quality laboratory equipment and textile testing instruments. With over 15 years of experience, we are committed to delivering precision-engineered solutions that meet the needs of industries such as textiles, pharmaceuticals, research laboratories, and educational institutions. Our products are designed to enhance efficiency, accuracy, and reliability in scientific and industrial applications.

Our Skill

At AdLab, we combine expertise in precision engineering with advanced laboratory technology to create innovative and reliable testing instruments. Our team of skilled professionals continuously works on improving product designs, integrating the latest advancements in technology, and ensuring compliance with international quality standards. With a strong focus on research and development, we provide customized solutions that cater to the unique needs of our customers worldwide.

Our Products

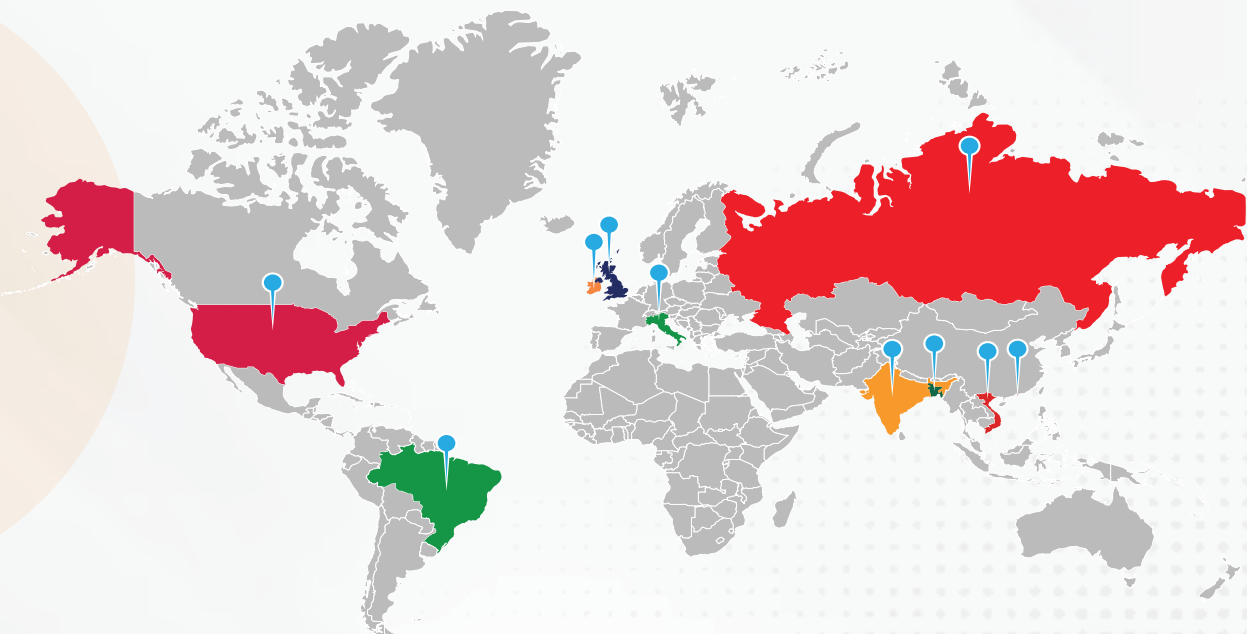

AdLab offers a wide range of high-quality laboratory and textile testing instruments, including Yarn & Fiber Testing Instruments, Laboratory Fume Hood Chambers, Ovens & Incubators, Water Baths, Textile Testing Instruments, Dyeing & Finishing Machines, Ceramic Testing, Tensile Testing, Washers & Dryers, Needle Detectors, and In-House Testing Equipment. Designed for precision and efficiency, our products ensure accurate testing and reliable performance across various industries.

Our Services

At AdLab, customer satisfaction is our top priority. We provide comprehensive support services to ensure the smooth operation of our equipment, including:

- ✓ 24/7 Technical Support Team – Our highly trained technical support team is available around the clock to assist with troubleshooting, maintenance, and operational guidance. Whether you need immediate assistance or expert advice, we are always ready to help.
- ✓ Installation & Training – We offer professional installation services and hands-on training to help users operate our equipment efficiently.
- ✓ Calibration & Maintenance – Regular calibration and maintenance services ensure that your laboratory instruments remain accurate and in optimal working condition.
- ✓ Customized Solutions – We provide tailored solutions to meet specific industry requirements, helping our clients achieve maximum efficiency in their operations.
